Foundation Update

As we move closer to the IAIP International Convention in Oklahoma City in June, we reflect on what the Legacy Foundation means to the members of IAIP.

The Legacy Foundation is the fundraising arm of IAIP so that monies for grants, and scholarships are available for members to obtain designations, continuing education and to broaden their insurance careers. Many recipients over the years have thanked the Foundation for their grant or scholarship. The training they were able to gain gave them “a leg up” when it came to promotions or moving into new job.

We encourage every member to check out the [Legacy Foundation website](#) through the IAIP website for information on the scholarships/grants and requirements. Who knows, this may be just the boost for you and your career. You never know until you avail yourself of the opportunities out there and let the Foundation help you on your way.

Support the Toby Keith Foundation at the 2025 IAIP Convention

IAIP members can support the Toby Keith Foundation during our International Convention in June. This Oklahoma City-based foundation provides no-cost housing for pediatric cancer patients through OK Kids Korral.

You can contribute by donating online at [Continue to Give](#) or bringing dental supplies (toothpaste, mouthwash, floss, toothbrushes) and books (new or gently used) for all ages to the convention.
