roz horton scholarship

The roz horton scholarship was established in 2024.

A dynamic IAIP member since she joined in 1992, roz has served at every level of leadership.

Her passion is inspiring, and her dedication is evident.

When the Nashville Association of Insurance Professionals was disbanding, they wanted to honor roz horton and her dedication to IAIP and the Foundation. The Nashville Association made a generous donation in her honor, making it possible to establish this new scholarship.

When roz was told about the scholarship, she knew immediately she wanted this scholarship to be awarded to rookie members and YNPs. During her term as Chair of the foundation, she realized that the rookies and YNPs were at a disadvantage when applying for scholarships. They were, for the most part, lacking a lot of IAIP experience to put on their applications. She trusts that by awarding scholarships to these members it will encourage them to continue their education as well as encourage them to become a vibrant and active member of IAIP.

The winner of this scholarship is selected from the applications received in the fall and spring—you cannot apply specifically for it. We encourage you to apply for all scholarships. The time frame for the applications is listed below:
